

Andrew Murray's *Abiding in Christ*
Chapter Ten

1. What is redemption? What does it involve?

2. Murray states that we will experience the complete deliverance from sin and all its effects and ransomed humanity will regain all that it had ever lost. List some effects of sin from which we are freed with our future redemption.

3. Why is it important for us to see and understand Christ as the One who sits upon the throne in heaven?

4. How does the thought of mortality putting on immortality – that future freedom from death - effect your present life?

5. Redemption involves a future blessing. Can we experience redemption now?

6. On the bottom of page 57 and continuing on 58 Murray summerizes our study verse in regard to Christ being our wisdom, righteousness, sanctification and redemption along with the provisions for each?
Share any thoughts on his summerization. Which of the four (wisdom, righteousness, sanctification or redemption opened your eyes the most to having a deeper understanding of Christ? Which had its greatest impact? Were you aware of all that Christ provides to us? Any other thoughts?
